Remarks/Arguments

Applicant thanks the Examiner for recognizing the patentable features of the invention and allowing the claims (as amended). In the Notice of Allowability dated 3/21/2005, the Examiner required new drawings that delete label appearing at the top center of the drawings. The label includes the title, inventor, and docket number. Applicant has enclosed new drawings that delete the labels appearing on the top center of the drawings. No new matter or other changes to the drawings have been made.

Notwithstanding the above, Applicant notes that such labels on the front of each sheet are permitted in accordance with 37 C.F.R. 1.84(c) and a copy of the originally submitted drawings in full compliance with 37 C.F.R. 1.84(c) are also enclosed to avoid loss or misplacement of the drawings.

Applicant notes that this amendment is in full compliance with the requirements of 37 C.F.R. 1.312 and made prior to the payment of the issue fee. Any fees or charges due as a result of filing of the present paper may be charged against Deposit Account 04-0525. Two duplicates of this page are enclosed.

Respectfully,

Attorney for Applicant(s)
